HOSA Creed

I recognize the universal need for quality, compassionate healthcare.

I understand the importance of academic excellence, skills training, and leadership development in my career pathway.

I believe through service to my community and to the world, I will make the best use of my knowledge and talents.

I accept the responsibility of a health professional and seek to find my place on a team equally committed to the well-being of others.

Therefore, I will dedicate myself to promoting health and advancing healthcare as a student, a leader, an educator, and a member of HOSA-Future Health Professionals.

Introduce yourself! Say your name, your grade and answer your corresponding question!

Favorite subject?

What are your future career aspirations?

Favorite animal?

How did you hear about HOSA?

Favorite food?

Icebreaker!
